Dear Miss Cihlova,

On behalf of University College, I am delighted to offer you a place to read Biochemistry (Molecular and Cellular), a 4-year course, for admission in October 2021 on condition you obtain the following grades in your forthcoming assessments in the current academic year:

Maturitni Zkouska / Maturita with scores of 1 (vyborny) in the majority of subjects taken

You are also required to meet the English language requirement (Higher) as detailed at www.ox.ac.uk/englang by 31 July.

Since you have already met part of these conditions, you must provide original certificates or legally certified copies to The Admissions Manager, University College, High Street, Oxford, OX1 4BH by 1 March 2021 for any requirements already met.

These are the minimum grades required for admission to your chosen course. However, in order to best prepare for university study, we urge you to aim at the grades you have been predicted.

While stressing the importance of continuing to work toward your assessments, we recognise the difficult circumstances under which schools, colleges and students have been working over the past year and we regret the strain this has placed on many offer-holders. We wish you the very best in your studies.

If you decide to accept this offer, please note that you must contact the Admissions Office at University College if you wish subsequently to change the assessments you propose to take (as listed on your UCAS application), even if those assessments do not form part of the conditions of your formal offer. Any changes must be discussed and approved in advance with the College so as not to invalidate the basis on which your offer has been made.

All new undergraduate students are also required to complete a satisfactory Financial Declaration, which will be sent to you in the spring. For the most recent information on student funding and university and college fees, please see www.ox.ac.uk/funding.

This letter is necessarily rather official in nature, but we wish to assure you of our warmest congratulations. We are delighted to make you this offer.

Contractual Information

This letter constitutes your formal offer of a college place at University College.

The University will make you a formal offer of a University place through UCAS by the end of January.
